To Whom It May Concern:

Re: Recommendation for Rutu Mulkar

It is my great pleasure to provide a reference letter for Rutu, who deserves exceptional praise. I have directly managed her software architecture and development work for us, and am happy to provide this letter of recommendation. To the point – Rutu is relentless in the pursuit of excellence, is breathtakingly innovative and creative, and is a major contributor to our team in terms of building a truly terrific product. Her expertise in NLP and machine learning is exemplary. Most importantly, she goes the extra distance without being asked, and embodies a strong entrepreneurial spirit.

If you have any questions, please feel free to give me a call at the numbers above.

Very truly yours,

Chairman, FutureLab Consulting
